Chairman's Message

Dear Shareholders,

Warm greetings to you all,

I heartily invite you all to the 30th Annual General Meeting of your Company and once again take this opportunity to present the financials of your company.

Financial year 2014-15 continued to be fraught with challenges. Despite volatile raw material prices your company reported increase in operating margin compared to the previous year. However, with stable government in place, your Company is likely to improve its top line and bottom line.

Your Company has reported highest ever turnover of Rs. 1729 Crores during the period under review. Profit before tax is 32 crores as compared to 28 crores in the previous year.

In its drive towards the strategic expansions, your Company has commissioned a new production unit at Surangi, with capacity of handling 200,000 TPA of its products. This unit is spread over an area of approximately 56000 square metres and having FSI available to the extent of 500,000 square metres of construction. The production capacities of Bhiwadi and Daman units have been shifted to Surangi unit. The new unit produces various grades of Compounds which include XLPE, HFFR, Filled PP for furniture & appliances, Filled PE Compounds for antifab used for Woven Sack, White & Black Master Batches, Rigid and Flexible PVC Compound used for Cable insulation, Footwear & Pipe jointing and other value added compositions like Zero Halogen Fire Retardant Compound and Engineering Plastics. During the year, your company has also installed a new machine at surangi to produce HV & EHV insulation Compound. This will establish your Company in the league of very few top notch players in the world. Your Company also has many

expansion projects in pipeline for catering to the untapped regions to enlarge geographic footprint in various parts of the country and abroad.

Today, your Company has one of the strongest operating matrix in the Plastic industry in India. With its cost competitiveness, quality products, a robust marketing distribution system and extensive network, your Company has re enforced its formidable brand image.

Your Company has taken timely and adequate steps in the area of its finance to ensure healthy leveraging and availability of adequate financial resources to meet its growing aspirations.

You are aware that the Company's Flexible Packaging Unit at Dankuni, West Bengal was totally gutted because of intensive fire on 19th October, 2014. Your company has lodged claim with the Insurer. We expect insurance claim matter to be finalized soon.

I am very sorry to say that your Directors have not recommended any dividend for the year under review due to low profit.

Lastly, I sincerely wish to thank my colleagues on the Board, the dedicated Management team and employees at all levels for their unflinching support. I would also like to thank the Company's shareholders, distributors, vendors and financial institutions for their unstinted support.

With Best Regards,

Narrindra Suranna

Item No.10

The existing Articles of Association are in line with the erstwhile Companies Act 1956, which are thus no longer in full conformity with the Companies Act, 2013 ('New Act'). The New Act is now largely in force and substantive sections of the Act which deal with the general working of companies stand notified. With the coming into force of the Act several articles of the existing Articles of Association of the Company require alteration / deletions. Given this position, it is considered expedient to wholly replace the existing Articles of Association by a new set of Articles.

It is thus expedient to adopt new set of Articles of Association (primarily based on Table F set out under the Companies Act, 2013), in place of existing Articles of Association of the Company instead of amending the Articles of Association by alteration/incorporation of provisions of the Companies Act, 2013.

The proposed new draft AoA is being uploaded on the Company's website for perusal by the shareholders. None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the Special Resolution set out at Item No. 10 of the Notice.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

ECONOMIC OVERVIEW:

Global economic growth in 2014 was a modest 3.4 percent, reflecting a pickup in growth in advanced economies relative to the previous year and a slowdown in emerging market and developing economies. Despite the slowdown, emerging market and developing economies still accounted for three-fourths of global growth in 2014. Complex forces that affected global activities in 2014 are still shaping the outlook. These include medium- and long-term trends, such as population ageing and declining potential growth; global shocks, such as lower oil prices; and many countries or region-specific factors, such as crisis legacies and exchange rate swings triggered by actual and expected changes in monetary policies. Overall, global economy growth is projected to reach 3.5 percent and 3.8 percent in 2015 and 2016, respectively. Growth is projected to be stronger in 2015 relative to 2014 in advanced economies, but weaker in emerging markets, reflecting more subdued prospects for some large emerging market economies and oil exporters. Nevertheless, emerging markets and developing economies still account for more than 70 percent of global growth in 2015.

The Indian Economic Growth has sharply slowed down in the last financial year, reflecting global developments and domestic constraints, while inflation continues to be high. Led by falling infrastructure and corporate investment, the slowdown has generalized to other sectors of the economy as well. However, positive policy steps taken by the Government along with improving external conditions have improved market sentiments. The current account deficit, after reaching a record high in FY 2012-13, is narrowing fast, and capital inflows have picked up again. The Indian Economic Growth is projected at 7.5% in respect of Financial Year 2015-16 by international Monetary Fund.

INDUSTRY OVERVIEW

The products of Kkalpana Industries (India) Limited find application mainly in cable industries, packaging industries and footwear Industries. Notes to the Financial Statements for the year ended 31st March, 2015

1. SIGNIFICANT ACCOUNTING POLICIES

i) Basis of Preparation of Financial Statements

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis, except for certain tangible assets which are being carried at revalued amounts. These financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) [Companies (Accounting Standards) Rules, 2006, as amended] and the other relevant provisions of the Companies Act, 2013.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the revised Schedule VI to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – non current classification of assets and liabilities.

ii) Use of Estimates

The preparation of Financial Statements in conformity with the Generally Accepted Accounting Principles (GAAP) requires Management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent liabilities at the date of the Financial Statement and the result of the operations during the reporting year end. Although these assumptions are made as per the Management's best knowledge of current events and actions, actual result may differ from these estimates.

iii) Tangible Fixed Assets

Fixed Assets including capital work in progress are stated at acquisition cost, net of accumulated depreciation and accumulated impairment losses, if any. Cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the assets to its working condition for the intended use.

Pre-operation expenses including trial run expenses (net of revenue) are capitalised. Net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the fixed assets are capitalised.

A devastating fire broke out at Company's Flexible Packaging Unit at Dankuni, West Bengal on 19th October, 2014. This resulted in huge loss of Assets and Records inside the premises of the unit. The factory was adequately covered under the Insurance Policy no.2116/53763258/00/000 (IAR) dt. 9/01/2014 of M/s. Universal Sampo General Insurance Co. Andheri (East), Mumbai, for a sum insured of Rs.143.94 Cr. A claim has been lodged to the Insurance company vide claim no.CL14041672 and the latest claim amount provisionally recognised at Rs. 134.77 CR . Accordingly an amount of Rs. 24.72 Cr (including loss on impairment of assets of Rs. 2.41 Cr) has been estimated and recognised by the management as Extraordinary loss in the Quarter ended 31st March 2015. However the claim is not yet freezed by the Insurance Company, therefore any differences between final claim and estimated settled amount will be dealt with in the year of receipt.

Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Losses arising from the retirement of, and gains or losses arising from disposal of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.

The Assets which are intended for sale and to be realised within one year are treated as Current Assets.

iv) Intangible Assets

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit and Loss.

v) Depreciation and Amortisation

Depreciation includes amortisation. Depreciation on Tangible Fixed Assets has been provided as prescribed under Schedule II of the Companies Act, 2013 on prorata basis with reference to the date of addition. An
